MARITIME SECURITY

ISCI

ISCI develops comprehensive Global Maritime Law Enforcement programs specifically designed to provide awareness of maritime laws and procedures, while raising levels of proficiency, safety, and survival techniques of seaward personnel.

Maritime Security

As Global conflicts continue to grow and threaten our borders, it is essential to clearly understand all aspects of Global Maritime Law Enforcement. ISCI offers an effective Global Maritime Law Enforcement strategy program that deals with both Security Operations Planning and Support Management. As an industry leader, ISCI also provides Exercise Development, Execution Support, and Consulting.

Operations

- Maritime Law Enforcement (*Counter Narcotics, Migration, and Terrorism*)
- Port Security Operations
- Operations Center Strategic Planning & Management
- Operations & Incident Command System (ICS) Consulting
- Maritime Operations Training (*IT, Law Enforcement, Small Boat Handling, and R.O.E.*)
- Exercise Development, Execution, and Consulting

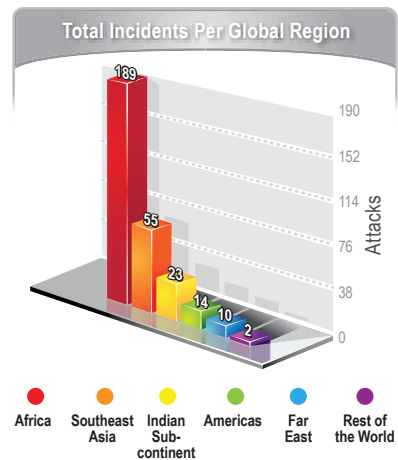

Maritime Training

With the continued illegal use of new technologies and a variety of compact weapons by criminals and pirates on the high seas, it is imperative to be well

trained and prepared. ISCI offers training programs for Maritime Law Enforcement in all areas of competency for international and domestic clients.

Training

- Maritime Law Enforcement Training (*Counter Narcotics, Migration, Piracy, and Terrorism*)

GLOBAL PIRATE ATTACKS reached unprecedented levels in 2008 around the Gulf of Aden and Indian Ocean. Out of 189 pirate attacks reported by Africa, Somali pirates accounted for 111 incidents with the number of attacks increasing 152% from 2007. Source: International Maritime Bureau.
